

Step 1

Open Outlook and switch to calendars. Click on "Open Calendar" (as depicted below).

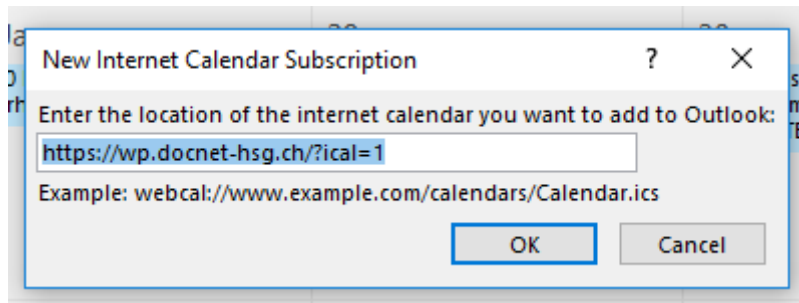

Step 2

Click on «from Internet...»

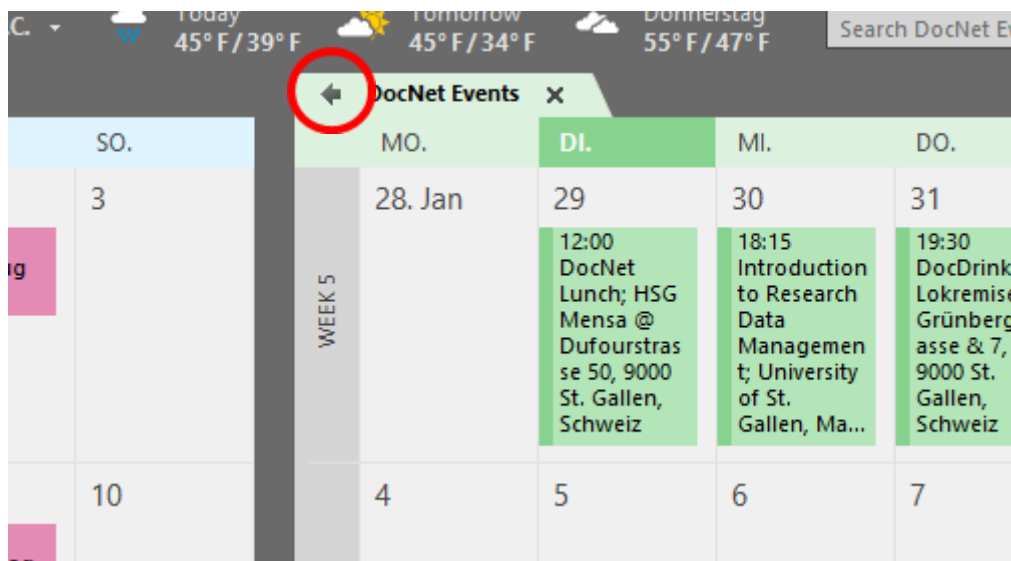

Step 3

Copy <https://wp.docnet-hsg.ch/?ical=1> into the dialog and click "OK".

Step 4

Rename the calendar, then click on the small arrow to overlap the calendar with your other calendars.

You're done

That's it. The calendar automatically checks for new events once they are put on the DocNet Website. Now you will be up-to-date on all our activities, in no time.
